

DAILY MORNING LEADER.

PUBLISHED DAILY, MONDAY & WEDNESDAY.
E. COWLES & CO.
115 Superior Street.

TERMS OF DAILY AND TRI-WEEKLY:
Daily, per week, \$1.00
Daily, per month, \$3.00
Daily, per quarter, \$8.00
Daily, per year, \$28.00
For less than one year, 50 Cents per month.

Terms of Weekly Leader.
The Weekly Leader is published every week, except on Sundays and public holidays, at the rate of \$1.00 per week, in advance. It is also published for less than one year, at the rate of \$8.00 per quarter, or \$28.00 per year, in advance. It is also published for less than one year, at the rate of \$8.00 per quarter, or \$28.00 per year, in advance. It is also published for less than one year, at the rate of \$8.00 per quarter, or \$28.00 per year, in advance.

Atty's & Counsellors.
ELI BRUCE, ATTORNEY AND COUNSELLOR AT LAW, 115 Superior Street, Cleveland, Ohio.
BOARDMAN & INGERSOLL, ATTORNEYS AT LAW, 115 Superior Street, Cleveland, Ohio.
VAN BUREN & CHAMBERLAIN, ATTORNEYS AT LAW, 115 Superior Street, Cleveland, Ohio.
F. J. DICKMAN, ATTORNEY AT LAW, 115 Superior Street, Cleveland, Ohio.
BROOKS & FORD, ATTORNEYS AT LAW, 115 Superior Street, Cleveland, Ohio.
WILLIAMSON & RIDDLE, ATTORNEYS AT LAW, 115 Superior Street, Cleveland, Ohio.
CHARLES C. BALDWIN, ATTORNEY AT LAW, 115 Superior Street, Cleveland, Ohio.
PALMER & AUSTIN, ATTORNEYS AT LAW, 115 Superior Street, Cleveland, Ohio.
ASPER, J. P. ATTORNEY AT LAW, 115 Superior Street, Cleveland, Ohio.

WEDNESDAY MORNING, FEB. 1, 1860.

PLAIN AND ORNAMENTAL PRINTING.

PLAIN AND ORNAMENTAL PRINTING, 115 Superior Street, Cleveland, Ohio.

THE STORY OF THE SEWING MACHINE.

THE STORY OF THE SEWING MACHINE, 115 Superior Street, Cleveland, Ohio.

Its Invention - Improvements - Social, Industrial, and Commercial Importance.

ITS INVENTION - IMPROVEMENTS - SOCIAL, INDUSTRIAL, AND COMMERCIAL IMPORTANCE, 115 Superior Street, Cleveland, Ohio.

To America belongs the honor of giving to the world many new inventions of great practical importance to mankind.

TO AMERICA BELONGS THE HONOR OF GIVING TO THE WORLD MANY NEW INVENTIONS OF GREAT PRACTICAL IMPORTANCE TO MANKIND, 115 Superior Street, Cleveland, Ohio.

The application of machinery to the purposes of sewing is of recent date, yet it has quietly worked its way into a position of great importance, not only in the relief that it brings to thousands of needlewomen, but in a commercial view.

THE APPLICATION OF MACHINERY TO THE PURPOSES OF SEWING IS OF RECENT DATE, YET IT HAS QUIETLY WORKED ITS WAY INTO A POSITION OF GREAT IMPORTANCE, NOT ONLY IN THE RELIEF THAT IT BRINGS TO THOUSANDS OF NEEDLEWOMEN, BUT IN A COMMERCIAL VIEW, 115 Superior Street, Cleveland, Ohio.

True, its progress has been slow, but it has been steady, and it has been the result of the application of steam to machinery, now so frequently been made for the elegance with which it is made, and the steam printing-press, yet it has quietly worked its way into a position of great importance, not only in the relief that it brings to thousands of needlewomen, but in a commercial view.

TRUE, ITS PROGRESS HAS BEEN SLOW, BUT IT HAS BEEN STEADY, AND IT HAS BEEN THE RESULT OF THE APPLICATION OF STEAM TO MACHINERY, NOW SO FREQUENTLY BEEN MADE FOR THE ELEGANCE WITH WHICH IT IS MADE, AND THE STEAM PRINTING-PRESS, YET IT HAS QUIETLY WORKED ITS WAY INTO A POSITION OF GREAT IMPORTANCE, NOT ONLY IN THE RELIEF THAT IT BRINGS TO THOUSANDS OF NEEDLEWOMEN, BUT IN A COMMERCIAL VIEW, 115 Superior Street, Cleveland, Ohio.

Some five or six patents were granted for different modes of making the "lock-stitch," which was the first step towards the invention of the sewing machine.

SOME FIVE OR SIX PATENTS WERE GRANTED FOR DIFFERENT MODES OF MAKING THE "LOCK-STITCH," WHICH WAS THE FIRST STEP TOWARDS THE INVENTION OF THE SEWING MACHINE, 115 Superior Street, Cleveland, Ohio.

While several individuals were laboring to perfect the "lock-stitch," others were engaged upon the "chain-stitch," which was the first step towards the invention of the sewing machine.

WHILE SEVERAL INDIVIDUALS WERE LABORING TO PERFECT THE "LOCK-STITCH," OTHERS WERE ENGAGED UPON THE "CHAIN-STITCH," WHICH WAS THE FIRST STEP TOWARDS THE INVENTION OF THE SEWING MACHINE, 115 Superior Street, Cleveland, Ohio.

The first record in the Patent Office Reports of the invention of sewing machines is under the date of February, 1846. This patent was granted to Elias Howe, Jr., of Boston, Mass.

THE FIRST RECORD IN THE PATENT OFFICE REPORTS OF THE INVENTION OF SEWING MACHINES IS UNDER THE DATE OF FEBRUARY, 1846. THIS PATENT WAS GRANTED TO ELIAS HOWE, JR., OF BOSTON, MASS., 115 Superior Street, Cleveland, Ohio.

It was considered indispensable to its success, and it was only by the high price demanded that its extensive and rapid introduction has been accomplished.

IT WAS CONSIDERED INDISPENSABLE TO ITS SUCCESS, AND IT WAS ONLY BY THE HIGH PRICE DEMANDED THAT ITS EXTENSIVE AND RAPID INTRODUCTION HAS BEEN ACCOMPLISHED, 115 Superior Street, Cleveland, Ohio.

Agents have been sent into new localities and sustained at an outlay, often far exceeding any immediate return, to introduce the machines and further the interests of the manufacturers.

AGENTS HAVE BEEN SENT INTO NEW LOCALITIES AND SUSTAINED AT AN OUTLAY, OFTEN FAR EXCEEDING ANY IMMEDIATE RETURN, TO INTRODUCE THE MACHINES AND FURTHER THE INTERESTS OF THE MANUFACTURERS, 115 Superior Street, Cleveland, Ohio.

Notwithstanding these apparently high prices, the purchaser has found his investment profitable, and in the aggregate millions have been added to the productive industry of the country.

NOTWITHSTANDING THESE APPARENTLY HIGH PRICES, THE PURCHASER HAS FOUND HIS INVESTMENT PROFITABLE, AND IN THE AGGREGATE MILLIONS HAVE BEEN ADDED TO THE PRODUCTIVE INDUSTRY OF THE COUNTRY, 115 Superior Street, Cleveland, Ohio.

The use of the sewing machine has been made more extensive than the most sanguine anticipated. They are common in the family, and fully supply the wants of the needle in the household, and have become indispensable to the dressmaker, tailor, seamstress, and manufacturer of ready-made clothing, shirts and collars, skirts, caps, ladies' gaiters, boots, shoes, harnesses, and upholstery, and every other manufacture, where the needle and thread are used, has been benefited by this invention.

THE USE OF THE SEWING MACHINE HAS BEEN MADE MORE EXTENSIVE THAN THE MOST SANGUINE ANTICIPATED. THEY ARE COMMON IN THE FAMILY, AND FULLY SUPPLY THE WANTS OF THE NEEDLE IN THE HOUSEHOLD, AND HAVE BECOME INDISPENSABLE TO THE DRESSMAKER, TAILOR, SEAMSTRESS, AND MANUFACTURER OF READY-MADE CLOTHING, SHIRTS AND COLLARS, SKIRTS, CAPS, LADIES' GAITERS, BOOTS, SHOES, HARNESSES, AND UPHOLSTERY, AND EVERY OTHER MANUFACTURE, WHERE THE NEEDLE AND THREAD ARE USED, HAS BEEN BENEFITED BY THIS INVENTION, 115 Superior Street, Cleveland, Ohio.

Many new branches of industry have been created, and their pursuit rendered highly remunerative, and a large number of people have been enabled to support their families in comfort and ease.

MANY NEW BRANCHES OF INDUSTRY HAVE BEEN CREATED, AND THEIR PURSUIT RENDERED HIGHLY REMUNERATIVE, AND A LARGE NUMBER OF PEOPLE HAVE BEEN ENABLED TO SUPPORT THEIR FAMILIES IN COMFORT AND EASE, 115 Superior Street, Cleveland, Ohio.

The time saved in manufacturing different articles of clothing is an important item. The sewing upon a gentleman's shirt can be accomplished with ease in one hour upon a first-class sewing machine. It would take fourteen hours of close and unwearying application to the same by hand. A pair of trousers could be made in one hour by the machine, that would take a smart seamstress five hours to make. A frock-coat requiring seventeen hours of constant work by hand, could be made by the machine in three hours. Seams of considerable length are ordinarily sewed with the best machines, at the rate of a yard a minute, and that too in a manner far superior to hand-sewing, besides being more healthy for those engaged. Saving of time, superiority in work and healthfulness, are these strong commendations.
